EXPLORING VAL SERMENZA

The natural treasures of Val Pitta

A TREKKING EXPERIENCE NOT TO BE MISSED

1 SUPER-VOLCANO OF VALSESIA

A massive fossil volcano, active 300 million years ago, of which today it is possible to admire **incredible fossil outcrops**. The super-volcano, which extends in the area between Balmuccia and Prato Sesia, is part of the **"Sesia Val Grande" geo-park** that since 2013 has been included by **UNESCO** among the sites of the "Unesco Global Geo-Park".

3 RIMASCO ALTO SERMENZA

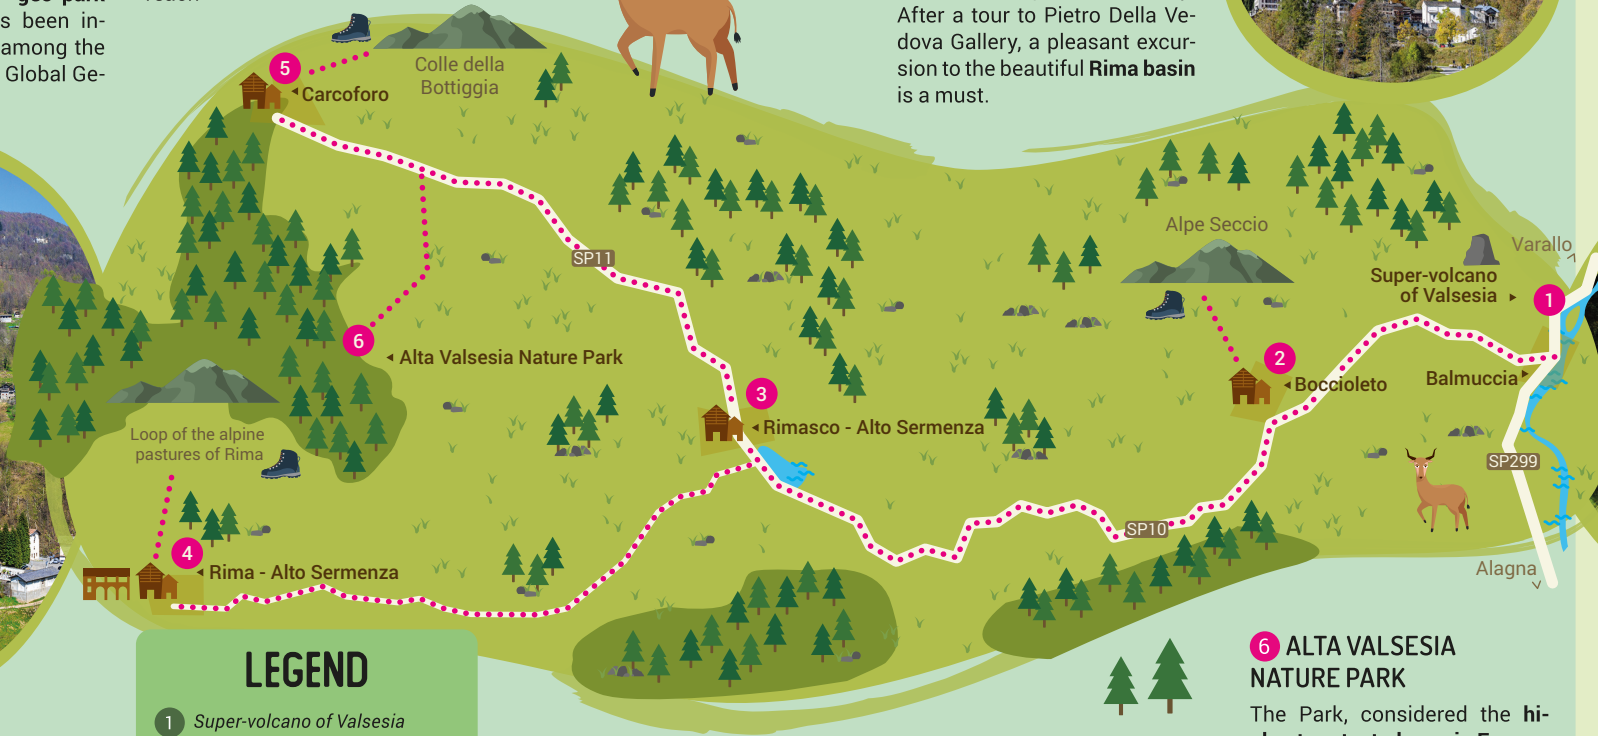

Located on the shore of a **picturesque artificial lake**, Rimasco is a charming holiday village much appreciated by sport fishing enthusiasts. From the village, surrounded by lovely hamlets, it is possible to reach

Dorca village, a small and ancient Walser settlement, and **Alpe Campo**, where an adrenaline-filled fun-bob is located.

4 RIMA - ALTO SERMENZA

Rima, a Walser settlement and the highest inhabited location in Valsesia, is a small village surrounded by a magnificent mountain amphitheater. The art of **artificial marble** made the inhabitants of Rima famous worldwide in the 19th century and it is still preserved today. After a tour to Pietro Della Vedova Gallery, a pleasant excursion to the beautiful **Rima basin** is a must.

2 BOCCIOLETO

Overlooked by an imposing 92-meter-high rock called **Torre delle Giavine**, Boccioleto in addition to being a paradise for climbers is a beautiful town rich in buildings of great artistic and architectural value. Do not miss the **art trail** leading from Boccioleto to **Alpe Seccio**: a pleasant route immersed in nature dotted with ancient chapels, shrines, and frescoed oratories.

5 CARCOFORO

This enchanting village is located in **Val d'Egua**, a small valley separated from Val Sermenza. The fairy-tale landscape surrounding the village, located in one of the most beautiful basins of larch and fir trees in Valsesia, makes Carcoforo one of the most picturesque centers of the whole Alpine range. The village is the starting point for some beautiful excursions that reach the nearby valleys and **Alta Valsesia Nature Park**.

6 ALTA VALSESIA NATURE PARK

The Park, considered the **highest protected area in Europe**, offers unique landscapes and environments of great natural beauty, from beech and larch forests up to **Monte Rosa**, one of the highest peaks in Europe. The territory of the Alta Valsesia Nature Park extends beyond Val Sermenza to the municipalities of Alagna, Fobello and Rimella.
